

# PRINCIPLES OF SAFER SPACE

1. We respect everyone's physical and psychological space.
2. We never mock or bully anybody.
3. We don't make any assumptions of anybody.
4. We give each other space.
5. We include everybody equally.
6. We support and encourage, we don't do it for you.
7. We apologize, if one hurts someone intentionally or unintentionally.

Inappropriate behavior is never that person's fault, who is the target of it. The perpetrator is solely responsible for inappropriate behavior.

WHAT TO DO, If you experience or witness inappropriate behavior which violates the principles of a safer space

- Tell that out immediately, if possible
- Report it to someone, teacher, principal, fellow student so that the matter can be addressed immediately.
